Statistics of the Recidivism of Sentenced Macao Residents

Recidivism Rate in 2020

The “Report on the Recidivism of Sentenced Macao Residents” has been formulated jointly by the Social Welfare Bureau and the Correctional Services Bureau based on the statistics of Macao residents given prison sentences and non-custodial sentences and using the criteria of whether these sentenced Macao residents re-offended and were convicted again within two years of completion of their prison sentences or non-custodial sentences. The statistical analysis of the recidivism rate of sentenced Macao residents in 2020 has been completed. Please refer to the following for details:

Recidivism rate of Macao residents given prison sentences

| Year | 2020 | |
|---------------------------------------|---|--|
| Item | No. of people | Percentage |
| Reoffence within two years of release | 7 (4 of whom were sentenced to imprisonment again) | 5.3% (Of which 3% were sentenced to imprisonment again) |
| Total | 133 ^① | 100% |

Note ① The number of Macao residents released from Coloane Prison of the Correctional Services Bureau during 1 January to 31 December 2020.

Recidivism rate of Macao residents given non-custodial sentences

| Year | 2020 | |
|---|---|---|
| Item | No. of people | Percentage |
| Reoffence within two years of completion of the relevant measures | 22 (11 of whom were sentenced to imprisonment) | 12.1% (Of which 6% were sentenced to imprisonment) |
| Total | 182 ^② | 100% |

Note ② The number of Macao residents having completed the measures implemented by the Department of Social Reintegration of the Social Welfare Bureau during 1 January to 31 December 2020.
